

# Christina JOHNSON PHOTOGRAPHY

## Congratulations, you're engaged!!!

You have found each other! The story of your lives together begins now... and all the amazing wedding day preparations. You'll carefully select and organize every detail and our job is to capture it all! We could not be more excited that you have found us.

It's REALLY important that you connect with your photographer(s). Not just his/her images, but also their personalities. So...just a little bit about us. My husband, Robert, and I love photography and savor each moment behind our cameras. I am the primary photographer and Robert adds depth, detail, and a touch of humor to your day. We love nature, dark chocolate, sunshine, a good book, a warm fire, long walks, snuggling with our daughters Camilla and Anika (that is our little clan to the left), snowboarding in Montana, the beautiful blue ocean and creating natural, joyful images! We believe anything is possible and nothing is too good to be true. Together, we created Christina Johnson Photography eight years ago as a boutique studio specializing in distinctive wedding photography and nearly every day we are reminded why we love it so much...

*"Thanks a million, you're so great to work with! We are so pleased with the photos and have gotten so many compliments. We are just so impressed, and glad we found you! You really helped to make this whole experience much more easy to enjoy... which, in the midst of all this stress, is absolutely priceless to me." :) Danielle*

*"Thank you for being so patient and kind. You have been so understanding of our desires and flexible to meet them. You have been a pleasure to work with." Paul & Alicia*

*"The pictures are beautiful. It was great to look through and remember the day. We really enjoyed working with you and appreciated the personal touches and the professional, yet laid back atmosphere you created." Lisa and Matt*

*"I am sitting at my desk in tears! This is amazing! Thank you so much!!!!!" Lindsay*

Our goal is to capture the essence of your day; the romance, details, and loved ones that will make your special day so memorable, while providing a fun and relaxing environment. Your complete **satisfaction** (bliss, delight, enjoyment, gratification, happiness, indulgence, joy, peace of mind, pride) is what we strive for. **This over the top dedication to making your wedding day joyful and relaxed is what sets us apart from other amazing wedding photographers.**

Sometimes the most beautiful things about a wedding are those you don't see. Such as the pure joy on your face when you see each other for the first time, your own tears as you pledge your lives to one another, or your parents' proud beaming faces as you waltz your first dance. We are passionate about pursuing these moments and the emotions linked with them.

## The investment...

We recognize that each wedding is unique and are flexible to tailor our coverage to suit YOU. We have carefully grouped four brilliant collections of our most popular wedding elements to fit most budgets.

The Bliss Collection is designed for unlimited creativity. The more time we are allowed, the richer and more detailed story we can produce. The Bliss Collection allows us to document the entire day from getting ready through the reception. The Love, Hope, and Faith Collections usually allow us some reception coverage depending on your wedding party/family size. The collections include a pre-wedding consultation and engagement session so that we can work out all the important details of your big day and get to know each other better. The engagement session is a great way for us to learn more about what style of photography you prefer and how you photograph the best, which provides for a smooth and effective wedding day and...better wedding images. The pre-wedding consultation allows us to create a timeline for the big day to ensure everything flows effortlessly so you can relax and enjoy your day! The collections include a private online viewing gallery where you and your guests can view and order prints and products.

We understand that it is not possible to create a collection to meet each of our clients' needs, therefore we **also offer a la carte services** so you may create your own collection.

**The details...**

**Speed** - Because we know how excited you will be to share your images, we'll publish an online gallery of your images within a week or two following your wedding...not months. A sneak peek of your images will be available on our Facebook page even earlier!!! Your online gallery will be available for one month. Print and product orders can be placed by you, family and friends via the gallery.

**A Tailored Fit** - Through the combination of traditional and photojournalistic (candid) styles, we tell the story of your wedding day.

We utilize the photojournalistic style of photography to capture the spontaneous, romantic moments and details that make your day so memorable. We also employ a more traditional style of photography to capture lasting memories of those most important to you. We'll consult with you to determine what will be the most suitable mix of these two styles for your day.

**Unlimited Images** - We shoot an unlimited number of images within your allotted time. We won't miss a moment or a memory. Typically weddings result in 300-400 finished images. All images will be edited for color and contrast and any prints ordered will be perfected with our unique artistic style.

**Free Professional Album Design** - We have hundreds of album styles to choose from and each is personally designed for you.

**Travel** - We are available for domestic and international travel. Travel within a 20 mile radius of Little Falls is included at no charge. Travel outside of this radius is determined on an individual basis.

**Secure Your Date** - A non-refundable deposit of \$350 is due to reserve your wedding date and is applied to your collection. The remaining balance is due 30 days prior to the wedding date.
